Elon Musk's only genius is using share ownership and board seats to push out visionaries so he can take credit for their work. The irony of Tesla's name is Musk is a modern day Edison: a do-nothing who uses money and influence to convince others he's smart. He's really just trash

I won't say he is perfect because he clearly isn't. Saying he's trash however just goes to show that you have absolutely no idea You don't know anything about him Not what he has achieved Not how he is seen by people that really know him

Look who comes crawling out from under the rock he has been hiding in Hungary. The infamous thief of corporate information and spreader of lies. The man that tried to setup others, the man that wanted to create as much damage as he could by lying his arse off.

Then somebody looked it up and wouldn't tell anything.</p> <p>MR. SOCOM: Interesting.</p> <p>MR. TRIPP: I mean, that's a lot of money.</p> <p>So --</p> <p>MR. GIGLIOTTI: Yeah, no kidding. That is a lot of money.</p>	<p>MR. SOCOM: Okay. What about that \$0,000? Is that like, legit, somebody offered?</p> <p>MR. TRIPP: I don't know. Somebody said it. Literally, I'm -- I'm only going to tell you the truth, like, I may evade, like, I was trying to do, but I don't lie.</p> <p>MR. SOCOM: Okay.</p> <p>MR. TRIPP: We were sitting up there talking, and that's when the article came out. And everyone was kind of reading it. And somebody said, "Who would -- or what would -- same question -- "What would drive them to give information?"</p> <p>Then somebody said money. And then I kind of said, like, like a little bit and said, "How much money do you think you can get for an article like that?"</p> <p>MR. SOCOM: Right.</p> <p>MR. TRIPP: And somebody said, like, 50 grand. I'm like, "Really?" There's no way. Then we like looked it up, like, how much money can you get for a news story, and there's no information -- like, you know.</p>
